1st Deliverable

Why is the App Valuable?
This App is valuable because it allows a user to input and keep track of their day-to-day schedules. Our long-term goal for this app is for it be of benefit to those struggling with addiction. With our scheduled reminder alerts, people struggling with addictions or those struggling with maintaining a schedule in general, will improve their overall productivity and focus.

UI/UX Design Drafts

Individual Roles
Brooke: Frontend
